

T5 GALLERY

London | Heathrow

Heathrow

Since the award winning T5 Art Gallery opened nine years ago, it has become an important part of the culture and experience of Heathrow Terminal 5.

As the only permanent commercial fine art gallery in the world to be situated in an airport, it is in a unique position to reach and introduce art to a wide international audience.

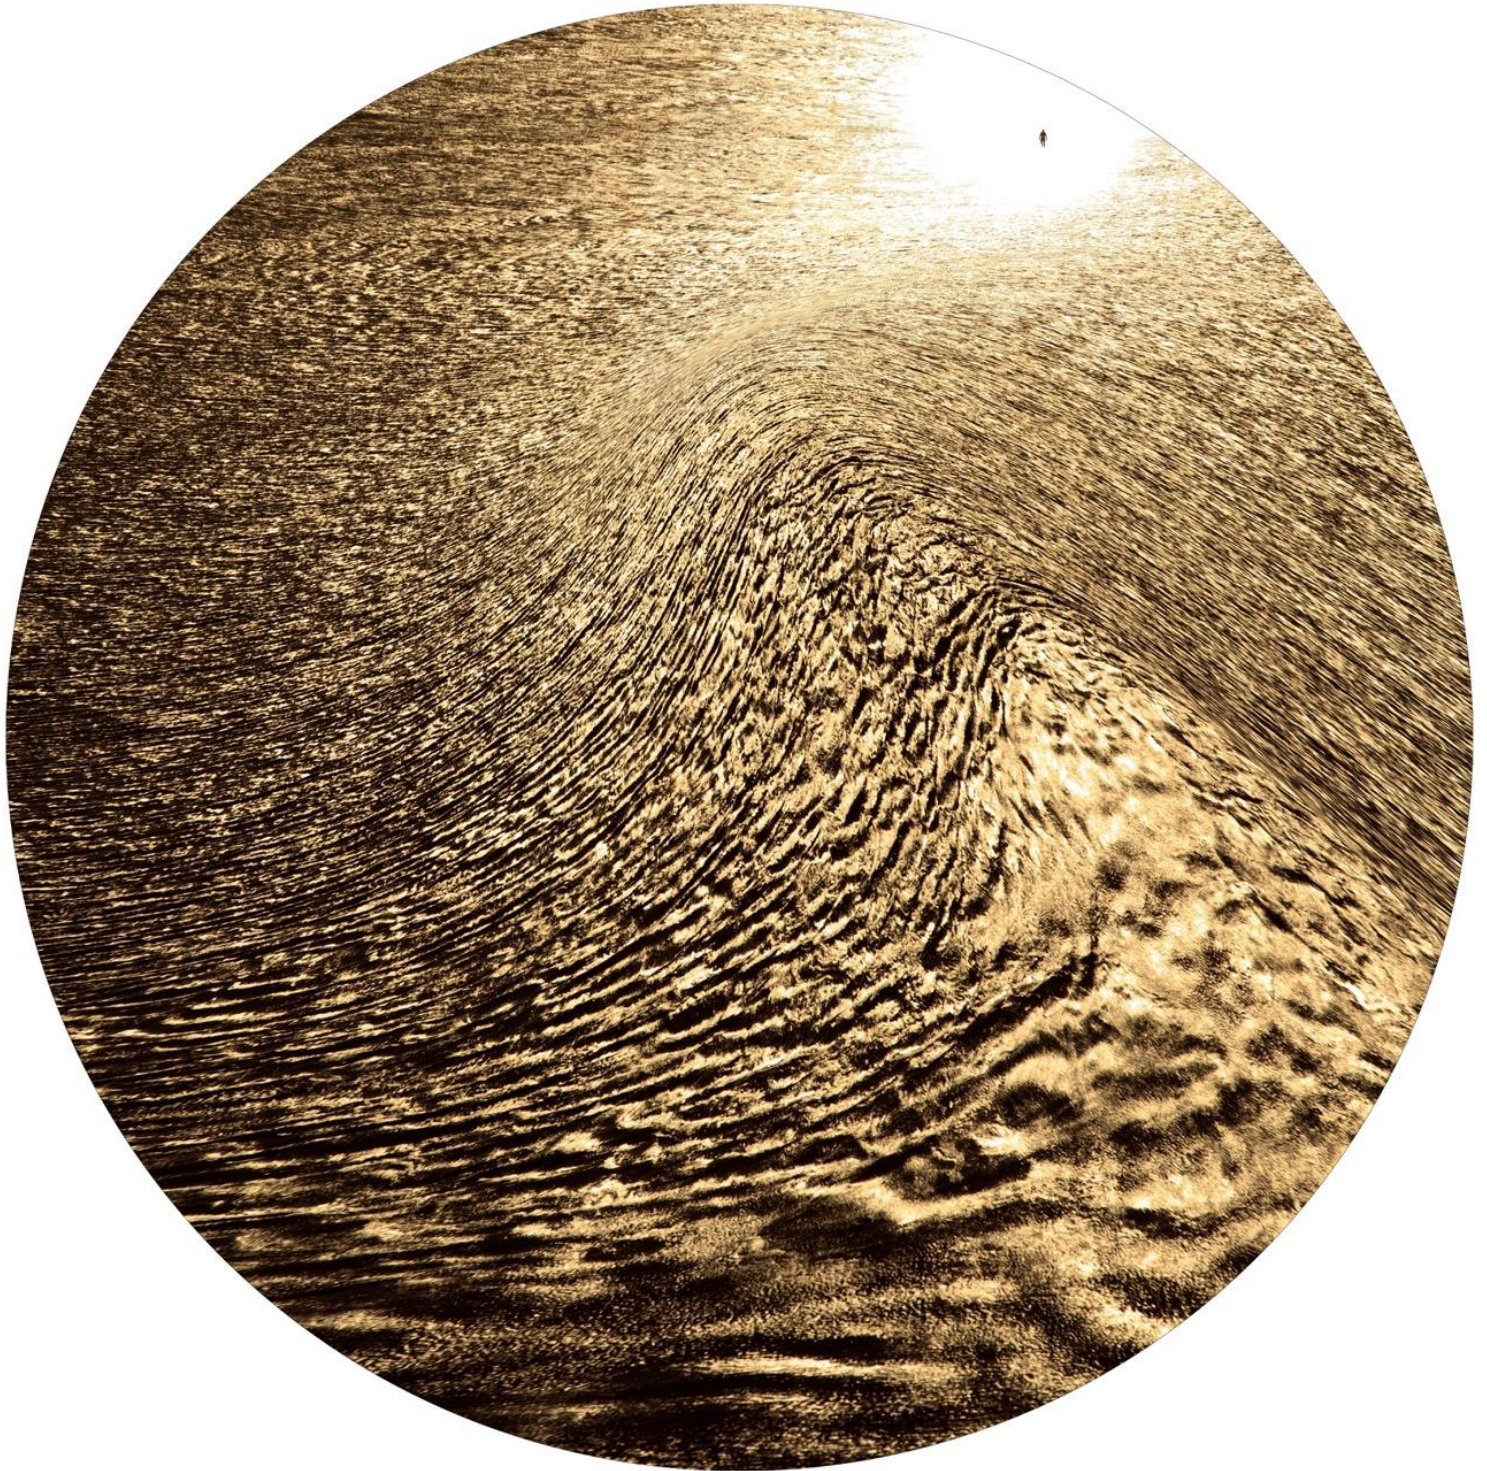

The key objectives of the gallery are: to showcase and support established artists, to help develop the careers of young emerging talent, to offer clients not only outstanding works but the experience of its team in the fields of curating and consultancy.

Marek Emczek Olszewski was born in Poland in 1981 and he has been living and working in London since 2006. Marek obtained his photographic diploma at RACC in Richmond upon Thames in 2011, however, he is mainly a self-taught photographer, continuously experimenting and discovering new ways of expression.

He is attracted to non-obviousness, light and shadow play, movement, reflection, geometry and extreme minimalism.

A member of Free Painters and Sculptors collective, Association of Polish Art Photographers and Association of Polish Artists in Great Britain, he has exhibited in many galleries and art fairs in the UK, Brussels, Barcelona, New York, South Korea, France and Poland (including two solo shows) where he has achieved recognition and significant sales.

Marek's photographs can be found in private collections in the UK, Europe and USA. His work has been featured and bought by some of the world's leading architects and interior designers, including Candy & Candy and a high-profile commission for Qatari Headquarters in London's Mayfair.
