

T5 GALLERY

London | Heathrow

Heathrow

Since the award winning T5 Art Gallery opened nine years ago, it has become an important part of the culture and experience of Heathrow Terminal 5.

As the only permanent commercial fine art gallery in the world to be situated in an airport, it is in a unique position to reach and introduce art to a wide international audience.

The key objectives of the gallery are: to showcase and support established artists, to help develop the careers of young emerging talent, to offer clients not only outstanding works but the experience of its team in the fields of curating and consultancy.

Michael Speller

Michael Speller is a talented sculptor with a passion and enthusiasm for life. After a successful career in business Michael chose to develop his passion for art and studied sculpture at the Chelsea College of Fine Art.

In his work Michael draws heavily from his own personal experiences, presenting his interpretation of the human condition. His art lends itself to the large scale and he has been sought to undertake several private and public commissions.

Notable public installations include: a work outside the Thomas R. Kline School of Law in Philadelphia, USA, a work for Mougins International School in France, a unique commission for the Millbank Tower in London, UK and a large public commission for Greenwich Market, London, UK.
